

**STATE OF UTAH**  
**DIVISION OF OCCUPATIONAL AND PROFESSIONAL LICENSING**

**APPLICATION FOR LICENSURE**

**PROFESSIONAL STRUCTURAL ENGINEER**

DOPL-AP-093 REV 03/13/2003

**APPLICATION INSTRUCTIONS AND INFORMATION**

**General Statement:** The Division desires to provide courteous and timely service to all applicants for licensure. To maximize its efficiency and level of service, the Division will process complete applications only. **A complete application includes all applicable supporting documents and fees.** The fees are for processing your application and will not be refunded. Failure to complete the application and supply all necessary information will delay processing and may result in denial of licensure. Please read all instructions carefully.

**Address of Record:** The address listed on the application will be your address of record. All correspondence from the Division will be sent to that address. It is your responsibility to directly notify the Division of any change in address.

**Social Security Number:** Your social security number is classified as a private record pursuant to Title 63, Chapter 2, Utah Government Records Access and Management Act (GRAMA). It is used as an individual identifier for our licensing database and for purposes of the child support enforcement pursuant to Subsection 78-32-17(3) and is mandatory pursuant to Subsection 58-1-301(1), Utah Code Ann., which implements the requirements of 42 U.S.C. 666(a)(13). An application that does not include a social security number is incomplete and cannot be processed.

**SUPPORTING DOCUMENTS AND FEES**

**If you are applying to take the NCEES Structural I or II Exams in Utah, complete the following:**

1. Submit transcript(s) or other appropriate records documenting completion of an approved engineering education program.
2. Submit a "Verification of Experience" form (attached to this application) documenting three (3) years of qualifying structural engineer experience.
3. Submit a "Request for Verification of License" form (attached to this application) documenting

your passing score on the NCEES FE and PE examinations, if you passed the NCEES FE and PE examinations in a state other than Utah.

Request that the verifying state(s) complete the form(s) and mail or fax them directly to the Division or return them to you for submission with your application.

**OR**

Submit the original letter from Exporior documenting your passing score on the NCEES FE and PE examinations, if you passed the examinations in Utah.

4. Submit a completed take-home “Utah Professional Engineer Law and Rules Examination” (pages 11 and 12 of this application).
5. Submit a \$100.00 non-refundable application-processing fee.

**Please Note:** The application fee will increase to \$110.00 on July 1, 2003.

**If you are applying for licensure as a professional structural engineer in Utah, complete each of the following requirements listed under either Option 1 or 2 below:**

**Option 1**

1. Submit transcript(s) or other appropriate records documenting completion of an approved engineering education program.
2. Submit a “Verification of Experience” form (attached to this application) documenting three (3) years of licensed structural engineering experience.
3. Submit a “Request for Verification of License” form (attached to this application) from your state licensing board documenting:
  - ☐ 3 years of licensure as a professional or structural engineer, if not already licensed in Utah
  - ☐ Passing scores on the NCEES FE and NCEES PE examinations and passing scores on the NCEES Structural I and II examinations if you passed these exams in another state.

Request that the verifying state(s) complete the form(s) and mail or fax them directly to the Division or return them to you for submission with your application.

**OR**

Submit the original letter(s) from Experior documenting your passing score(s) on the NCEES FE and the Structural I and II examinations, if you passed the examination(s) in Utah.

4. Submit a completed take-home "Utah Professional Engineer Law and Rules Examination" (pages 11 and 12 of this application).
5. Submit a \$100.00 non-refundable application-processing fee.

**Please Note:** The application fee will increase to \$110.00 on July 1, 2003.

## **Option 2 (endorsement)**

1. Submit an "Endorsement Verification of Experience" form (attached to this application) documenting:
  - ☐ practice as a licensed principal in responsible charge for 5 of the last 7 years
  - ☐ 3 years of licensed structural engineering experience
2. Submit a "Request for Verification of Licensure" form (attached to this application) documenting:
  - ☐ passing scores on the NCEES Structural I and II examinations
  - ☐ licensure for the past 5 of the last 7 years to meet the education requirement
  - ☐ licensure for the past 5 of the last 7 years to meet the NCEES FE examination requirement

Request that the verifying state(s) complete the form(s) and mail or fax them directly to the Division or return them to you for submission with your application.

3. Submit a completed take-home "Utah Professional Engineer Law and Rules Examination" (pages 11 and 12 of this application).
4. Submit a \$100.00 non-refundable application-processing fee.

**Please Note:** The application fee will increase to \$110.00 on July 1, 2003.

## **ADDITIONAL IMPORTANT INFORMATION:**

1. **Comity or Interstate Licensing:** Each state has authority or jurisdiction over professional engineers working in that state. The applicant is responsible for knowing the licensing qualifications and laws that apply to the profession for each state in which he/she expects to provide engineering services.

2. **Current Documents:** Applications, statutes and rules may change from time to time. If you have not recently obtained any of these documents, you may want to contact the Division or visit our Internet site to verify that you have current versions.
3. **Utah Law and Rules Examination:** Enclosed is the take-home Utah Professional Engineer Law and Rules Examination. Return the completed examination with your application for licensure. Do not submit it separately.

The following laws and rules are available on the Internet at [www.dopl.utah.gov](http://www.dopl.utah.gov):

- ☐ Division of Occupational and Professional Licensing Act
- ☐ General Rules of the Division of Occupational and Professional Licensing
- ☐ Professional Engineers and Professional Land Surveyors Licensing Act
- ☐ Professional Engineers and Professional Land Surveyors Licensing Act Rules

You may also purchase the laws and rules for a fee from Experior, 5486 South 1900 West, Suite C, Taylorsville, Utah 84118, (801) 355-5009.

4. **Approved Engineering Education Programs are defined in R156-22-201 and include the following:**
  - ☐ Engineering education program accredited by EAC/ABET.
  - ☐ Engineering education program accredited by CEAB.
  - ☐ If your MS or PhD engineering education program was not accredited by EAC/ABET OR CEAB refer to Rule, R156-22-201(2), to determine if your engineering education program will meet the education requirement for licensure.
  - ☐ A letter from the Utah Department of Transportation certifying completion of the Transportation Engineering Technology and Fundamental Engineering College Program.
  - ☐ If your engineering degree was earned in a foreign country, please see #5 below.
5. **Foreign Educated Engineers:** If your engineering education program was obtained in a foreign country, contact the Engineering Credentials Evaluation International (ECEI), at 410-347-7738, to make application to have your foreign engineering education program evaluated to determine equivalency to an EAC/ABET accredited engineering education program. Submit the original copy of the foreign engineering education evaluation program report with your application.
6. **Verification of Licensure:** You may use either the Utah "Request for Verification of License" form that is provided in the application packet, or you may use the form provided by the state board providing the verification. The verification must include the following information:

- ❑ Licensure status, including the original and expiration date of licensure
- ❑ Passing scores on the NCEES FE and/or PE examinations and passing scores on the NCEES Structural I and II examinations

7. **Qualifying Experience:** In order for your 3 years (36 months) of structural engineering experience to be accepted, your experience must be verified by one or more licensed professional structural engineers or licensed professional engineers who supervised your work, or who have personal knowledge of your knowledge, ability, and competence to practice structural engineering. Request the professional engineer(s) providing verification of your experience to return the “Verification of Experience” form to you for submission with your license application.

**IMPORTANT NOTE:** The Verification of Experience form will not be accepted without the stamp/seal of the verifying professional engineer and original signature and date of the verifying professional engineer written across the face of the seal.

8. **Licensure by Endorsement - Practice as a Licensed Principal in Responsible Charge for 5 of the Last 7 Years in a Recognized Jurisdiction:** If you are currently licensed, but have not completed either the education requirement and/or the NCEES FE examination requirement, you may still qualify for licensure by endorsement by documenting your practice as a licensed principal in responsible charge for 5 of the last 7 years in another state. Your experience must be verified by one or more licensed professional engineers who supervised your work or who have personal knowledge of your knowledge, ability, and competence to practice professional engineering. Request the professional engineer(s) providing verification of your experience to return the “Verification of Experience” form to you for submission with your license application.

**IMPORTANT NOTE:** The Verification of Experience form will not be accepted without the stamp/seal of the verifying professional engineer and original signature and date of the verifying professional engineer written across the face of the seal.

In addition, you must submit a “Request for Verification of License” form documenting licensure in a recognized jurisdiction for 5 of the last 7 years. This requirement is in addition to documenting 3 years of structural engineering experience.

9. **Requirements to take the NCEES Structural I or II Examinations:** You must be pre-authorized by the Division in order to take the NCEES Structural I or II examinations. To apply for pre-authorization, you must:

1. Submit a complete application for licensure as a Professional Structural Engineer to the Division.
2. Upon receiving the letter of authorization from the Division you must register with Exuperior to sit for the NCEES PE Examination.

Note: Persons retaking the exam must contact Experior directly to register for the exam. You DO NOT need to contact the Division to retake the exam.

Following is the schedule for application to take this examination:

#### **October Exam Schedule**

- New applicants must submit a complete application to the Division by July 1 or by the end of the next business day if July 1 falls on a Saturday or Sunday.

#### **April Exam Schedule**

- New applicants must submit a complete application to the Division by December 31 or by the end of the next business day if December 31 falls on a Saturday or Sunday.

**NOTE: You will be considered for the next scheduled examination only after the Division has received a complete application.**

**Do not wait until the application deadline to submit your application. Submit your application well before the application deadline so that if the Division notifies you of an incomplete application, you have time to complete the application before the deadlines listed above.**

**Experior is the Division's contractual testing agency:** 5486 South 1900 West, Suite C, Taylorsville, Utah 84118, (801) 355-5009. You must register for and pay the fee to take the NCEES FLS Examination. Refer to the "Candidate Information Bulletin" (attached to this application) for detailed examination registration information.

**Failure to meet deadlines:** If for any reason you fail to meet the required deadlines, your application fee will not be refunded. You will be issued an authorization letter when your application is complete and you are approved to register for the examination. You may then register to take the examination during the next scheduled time frame.

10. **Application Period for Examinees:** This application will be valid for 18 months after the date of the first examination for which you are eligible. After 18 months this application will be denied as incomplete. Another complete application and fee must be submitted for authorization to take the examination after a denial.
11. **Examination taken prior to May 1, 2002:** If you took the examination prior to May 1, 2002, and you did not pass, you must now follow the current application instructions for a new applicant for examination.
12. **Examination study guides:** To obtain NCEES examination study guides, contact NCEES at

(864) 654-6824, (800) 250-3196, or [www.ncees.org](http://www.ncees.org).

13. **Examination Fees:** There are separate fees for all examinations. It is the responsibility of the applicant to submit the fees directly to the testing agency.
14. **NCEES Council Record:** If you are currently licensed, the Division will accept the NCEES Council Record to document education, passing scores on the NCEES FE, PE, and NCEES (or California) Structural I and II examinations, and verification of licensure. The Division will not accept the NCEES Council Record to document your structural engineering experience or your experience as a licensed principal for 5 of the last 7 years.

To obtain an NCEES Council Record, contact NCEES at (864) 654-6824, (800) 250-3196, or [www.ncees.org](http://www.ncees.org).

15. **Transcripts:** The Division will accept the original copy of the transcripts released to the applicant. Internet transcripts are not accepted. Include the transcripts with the application. Do not send the transcripts under separate cover.
16. **Structural Engineer versus Professional Engineer:** A Professional Engineer is not permitted to advertise or use the title of Structural Engineer, unless licensed as a Structural Engineer. There are no restrictions as to the size or complexity of a building or structure that a structural engineer or professional engineer designs, other than the individual's ability and competence to practice within their scope of education and training. License applications for structural engineer are available on the Division's web site at [www.dopl.utah.gov](http://www.dopl.utah.gov).
17. **Seal Design:** The specifications for the seal are found in Rule, R156-22-701 of the Professional Engineers and Professional Land Surveyors Licensing Act Rules.
18. **License Number:** For official records, correspondence and use of the seal, you may use the first 6 or 7 digits of the license number located on your "license".
19. **Temporary licenses** are not issued.
20. **License renewal:** All professional structural engineer licenses expire on December 31 of each even-numbered year.

Unlike many other states, Utah's license renewal schedule **is not** based on the licensee's date of initial licensure. Under Utah's renewal system, all licenses in each profession expire as a group on the same day every two years. Therefore, the length of a licensee's first renewal cycle depends on how far into the current renewal cycle initial licensure was obtained. Each renewal cycle thereafter is for a full two years.

Additionally, the fee paid with this application for licensure is an application processing fee only.

It does not include a renewal fee. Each licensee is responsible to renew licensure **PRIOR** to the expiration date shown on the current license. Renewal information is disseminated to each licensee at the licensee's last known address, as provided to the Division, approximately three months prior to the expiration date shown on the license.

21. **Continuing education:** Licensed professional engineers are required to complete 24 hours of approved continuing professional education in each two-year renewal cycle, beginning January 1 of each even-numbered year.
22. **Updating Address Information:** It is a licensee's responsibility to maintain a current address with the Division. If your address is incorrect, you will not receive renewal notices or other correspondence.
23. **Payments:** Make licensure fees payable to "DOPL."
24. **Mail Complete Application To:**

**By U.S. Mail**

Division of Occupational & Professional Licensing  
P.O. Box 146741  
Salt Lake City, Utah 84114-6741

**By Delivery or Express Mail**

\_\_\_\_\_ I have practiced as a licensed principal for 5 of the last 7 years in a recognized jurisdiction

to waive the required NCEES Fundamental of Engineering Examination.

## **UTAH PROFESSIONAL ENGINEER LAW AND RULES EXAMINATION**

The references listed after each question have been provided to assist you in selecting your response. The examination is not intended to be difficult. The purpose of the test is to bring to your attention specific practice issues that you need to know in order to avoid violating Utah law and rule.

Answer “**true**” or “**false**” for each statement. Do not leave any statement blank.

1.     \_\_\_\_\_     A licensed professional engineer may perform architectural work incidental to the practice of professional engineering. [58-22-102(9)]
2.     \_\_\_\_\_     A licensed architect is exempt from licensure as a professional engineer while performing architectural acts or incidental engineering or structural engineering practices that do not exceed the scope of the education and training of the architect performing engineering or structural engineering. [58-22-305(1)(c)]
3.     \_\_\_\_\_     A licensed professional engineer may design a building which has human occupancy or habitation as its principal purpose, and includes the structural, mechanical and electrical systems, utility services, and other facilities required for the building. [58-22-102(2) and (9)]
4.     \_\_\_\_\_     When submitting a final set of plans and specifications for a building or structure, the final set of plans normally includes floor plans; elevations; site plans; foundations, structural and framing detail; electrical, mechanical and plumbing design; information required by the energy code; specifications and related calculations as appropriate; and all other documents required to obtain a building permit. [58-22-102(3) and 603(1)]
5.     \_\_\_\_\_     A professional engineer licensed in a state other than Utah is not permitted to engage in professional engineering services in Utah without first being licensed in Utah, unless exempted from licensure. [58-22-501(2) and 58-22-305]
6.     \_\_\_\_\_     A professional engineer licensed in a state other than Utah is permitted to offer to render professional engineering services in Utah without being licensed in Utah to the extent the engineer complies with the requirements set forth in 58-22-305(1)(a).
7.     \_\_\_\_\_     A person preparing a plan and specification for a one, two, three, or four-family residence not exceeding two stories in height is not required to be a licensed professional engineer. [58-22-305(1)(b)]

*(Questions continue on following page.)*

8. \_\_\_\_\_ A licensed professional engineer may affix his/her seal to a plan, specification, and report only when in accordance with 58-22-603.
9. \_\_\_\_\_ An organization engaged in the practice of professional engineering is exempt from licensure, provided that the organization employs a Utah licensed engineer who is in responsible charge of the professional engineering services provided by that organization, and all other persons employed by the organization, who engage in professional engineering are licensed or exempt from licensure. [58-22-102(7) and 58-22-305(1)(g)]
10. \_\_\_\_\_ A licensed professional engineer who affixes his/her seal to a plan and a specification in violation of 58-22-603, is subject to administration action up to and including revocation of license. [58-1-501(2)]
11. \_\_\_\_\_ Any final plan and specification and report prepared by, or under the supervision of the licensed engineer, shall bear the seal of the engineer, when submitted to a client, when filed with public authorities, or when submitted to a building official for the purpose of obtaining a building permit, even if the practice is exempt from licensure under Section 58-22-305. [58-22-602(2)]
12. \_\_\_\_\_ A licensed professional engineer may affix his/her seal to a plan, specification, or report prepared by other licensed architects and licensed professional engineers, provided the licensed professional engineer affixing the seal performs a thorough review of all work for compliance with all applicable laws and rules and standards of the profession, and makes any necessary corrections before submitting the final plan, specification or report to a client or to a building official. [58-22-603(1)(c)]
13. \_\_\_\_\_ A licensed professional engineer may affix his/her seal to a plan, specification or report prepared by persons exempt from licensure as an architect or engineer, provided the licensed professional engineer affixing the seal performs a thorough review of all work for compliance with all applicable laws and rules and standards of the profession, and makes any necessary corrections before submitting the final plan, specification, or report to a client or to a building official. [58-22-603(1)(e)]

# PROFESSIONAL STRUCTURAL ENGINEER QUALIFYING QUESTIONNAIRE

Answer “yes” or “no” for each question. Do not leave any question blank.

1. \_\_\_\_\_ Have you ever applied for or received a license, certificate, permit, or registration to practice in a regulated profession under any name other than the name listed on this application?
2. \_\_\_\_\_ Have you ever been denied the right to sit for a licensure examination?
3. \_\_\_\_\_ Have you ever had a license, certificate, permit, or registration to practice a regulated profession denied, conditioned, curtailed, limited, restricted, suspended, or revoked in any way?
4. \_\_\_\_\_ Have you ever been permitted to resign or surrender your license, certificate, permit, or registration to practice in a regulated profession while under investigation or while action was pending against you by any profession licensing agency or criminal or administrative jurisdiction?
5. \_\_\_\_\_ Are you currently under investigation or is any disciplinary action pending against you now by any licensing agency?
6. \_\_\_\_\_ Is any action pending against you now by either the Federal Drug Enforcement Administration or any state drug enforcement agency?
7. \_\_\_\_\_ If you are licensed in the occupation/profession for which you are applying, would you pose a direct threat to yourself, to your patients or clients, or to the public health, safety, or welfare because of any circumstance or condition?
8. \_\_\_\_\_ Have you ever been declared by any court of competent jurisdiction incompetent by reason of mental defect or disease and not restored?
9. \_\_\_\_\_ Have you ever been terminated from a position because of drug use or abuse?
10. \_\_\_\_\_ Are you currently using or have you recently (within 90 days) used any drugs (including recreational drugs) without a valid prescription, the possession or distribution of which is unlawful under the Utah Controlled Substances Act or other applicable state or federal law?

*(Questions continue on following page.)*

11. \_\_\_\_\_ Have you ever used any drugs without a valid prescription, the possession or distribution of which is unlawful under the Utah Controlled Substances Act or other applicable state or federal law, for which you have not successfully completed or are not now participating in a supervised drug rehabilitation program, or for which you have not otherwise been successfully rehabilitated?
12. \_\_\_\_\_ Have you ever been involved as the abuser in any incident of verbal, physical, mental, or sexual abuse?
13. \_\_\_\_\_ Have you ever been arrested for or charged with a misdemeanor in any jurisdiction? Motor vehicle offenses such as driving while impaired or intoxicated must be disclosed but minor traffic offenses such as parking or speeding violations need not be listed.
14. \_\_\_\_\_ Have you ever been arrested for or charged with a felony in any jurisdiction?
15. \_\_\_\_\_ Have you ever pled guilty to, no contest to, or been convicted of a misdemeanor in any jurisdiction? Motor vehicle offenses such as driving while impaired or intoxicated must be disclosed but minor traffic offenses such as parking or speeding violations need not be listed.
16. \_\_\_\_\_ Have you ever pled guilty to, no contest to, or been convicted of a felony in any jurisdiction?
17. \_\_\_\_\_ Have you ever been allowed to make a plea in abeyance for any criminal charge for which the charge was later dismissed?
18. \_\_\_\_\_ Have you ever been incarcerated for any reason in any federal, state, or county correctional facility or in any correctional facility in any other jurisdiction?

**If you answered “yes” to questions 13, 14, 15, 16, 17, or 18 above, you must include with your application a copy of the police report, court docket, any probation/parole officer report, and a narrative of the circumstances that occurred for EACH and EVERY arrest and/or conviction.**

**If you are unable to obtain any of the records required above, you must submit documentation on official letterhead from the police department and/or court indicating that the information is no longer available.**

---

**If you answered “yes” to any of the above questions, enclose with this application complete information with respect to all circumstances and the final result, if such has been reached.**

**A “yes” answer does not necessarily mean you will not be granted a license; however, the**

**Division may request additional documentation if the information submitted is insufficient.**

# **AFFIDAVIT and RELEASE AUTHORIZATION**

I am the applicant described and identified in this application for licensure, certification, or registration in the State of Utah.

I am qualified in all respects for the license, certificate, or registration for which I am applying in this application.

To the best of my knowledge, the information contained in the application and its supporting document(s) is free of fraud, misrepresentation, or omission of material fact.

To the best of my knowledge, the information contained in the application and its supporting document(s) is truthful, correct, and complete; and, discloses all material facts regarding the applicant and associated individuals necessary to properly evaluate the applicant's qualifications for licensure.

I will ensure that any information subsequently submitted to the Division in conjunction with this application or its supporting documents meet the same standard as set forth above.

I understand that it is unlawful and punishable as a class A misdemeanor to apply for or obtain a license or to otherwise deal with the Division or a licensing board through the use of fraud, forgery, or intentional deception, misrepresentation, misstatement, or omission.

I understand that this application will be classified as a public record and will be available for inspection by the public, except with regard to the release of information which is classified as controlled, private, or protected under the Government Records Access and Management Act or restricted by other law.

I authorize all persons, institutions, organizations, schools, governmental agencies, employers, references, or any others not specifically included in the preceding characterization, which are set forth directly or by reference in this application, to release to the Division of Occupational and Professional Licensing, State of Utah, any files, records, or information of any type reasonably required for the Division to properly evaluate my qualifications for licensure/certification/registration by the State of Utah.

## REQUEST FOR VERIFICATION OF LICENSE - PSE

### TO BE COMPLETED BY THE APPLICANT:

Complete the first section of the form and submit it to the state that is verifying information for you. Request that the verifying state complete the form and return it to you for submission with your application. If a verifying state insists on submitting the verification directly to the Division, indicate that fact in the appropriate section of the application.

Applicant Name: \_\_\_\_\_

Street Address: \_\_\_\_\_

City: \_\_\_\_\_

State: \_\_\_\_\_ Zip: \_\_\_\_\_

I am requesting licensure in the state of Utah as a Professional Structural Engineer

I am/have been licensed in your state under the name \_\_\_\_\_

My social security number is \_\_\_\_\_

My date of birth is \_\_\_\_\_

My license number in your state is/was \_\_\_\_\_

I have enclosed the necessary license verification fee in the amount of \$ \_\_\_\_\_

Signature of Applicant: \_\_\_\_\_

### TO BE COMPLETED BY THE VERIFYING AGENCY:

Please furnish the information requested, sign and verify the document, and provide it to the applicant in person or by mail. The applicant will include the verification of licensure with his/her Utah application. Thank you.

## VERIFICATION OF EXPERIENCE - PSE

APPLICANT'S NAME: \_\_\_\_\_

APPLICANT'S ADDRESS: \_\_\_\_\_

**PART I:** List the duties you performed in the space provided. A total of 36 months of full-time qualifying structural engineering experience must be documented. Please include information related to the following. Copy and complete this form for each verifying engineer.

- Structural design of two stories (or 45 feet) or more of buildings or structures designed in UBC seismic zones 2, 3, or 4; or structural design for a major seismic retrofit/rehabilitation of an existing building or structure in UBC seismic zones 2, 3, or 4; or of any other building or structure of comparable structural complexity.
- Use of three of the four materials (steel, concrete, wood, or masonry) as they relate to the design, rehabilitation, or investigation of buildings or structures.
- Selection of framing systems including the consideration of alternatives and the selection of an appropriate system for the interaction of structural components to support vertical and lateral loads.
- Design and detailing for the transfer of forces between stories in multi-story buildings or structures.
- Application of lateral design in the design of the buildings / structures in addition to any wind design requirements.
- Application of the local, state, and federal code requirements as they relate to design loads, materials, and detailing.

**Dates:** From \_\_\_\_/\_\_\_\_/\_\_\_\_ to \_\_\_\_/\_\_\_\_/\_\_\_\_ Average hours worked per week: \_\_\_\_\_

## ENDORSEMENT VERIFICATION OF EXPERIENCE - PSE

APPLICANT'S NAME: \_\_\_\_\_

APPLICANT'S ADDRESS: \_\_\_\_\_

**PART I:** Document practice as a principal in responsible charge for 5 of the last 7 years in a recognized jurisdiction. A total of 60 months of qualifying experience must be documented. Copy and complete this form for each verifying PE. Request the PE who is verifying your experience to fill out Part II and return the completed verification to you for submission with your application. Please include information related to the following.

- Structural design of two stories (or 45 feet) or more of buildings or structures designed in UBC seismic zones 2,3 or 4; or structural design for a major seismic retrofit/rehabilitation of an existing building or structure in UBC seismic zones 2, 3, or 4; or of any other building or structure of comparable structural complexity.
- Use of three of the four materials (steel, concrete, wood, or masonry) as they relate to the design, rehabilitation or investigation of buildings or structures.
- Selection of framing systems including the consideration of alternatives and the selection of an appropriate system for the interaction of structural components to support vertical and lateral loads.
- Design and detailing for the transfer of forces between stories in multi-story buildings or structures.
- Application of lateral design in the design of the buildings or structures in addition to any wind design requirements.
- Application of the local, state, and federal code requirements as they relate to design loads, materials, and detailing.

**Dates:** From \_\_\_\_/\_\_\_\_/\_\_\_\_ to \_\_\_\_/\_\_\_\_/\_\_\_\_ Average hours worked per week: \_\_\_\_\_

Total Months of Structural Engineering Experience Verified: \_\_\_\_\_
